

Christina

First part:

Christina, resist it
You want somebody to love
When you want somebody to love

Resist, resist it
Stop the tendency
Stop the hungering

Christopher, resist it
You want somebody to love
I know you need somebody to love

Resist, resist it
Stop the tendency
Stop the hungering

Resist it, resist it
Stop the tendency
Stop the hungering

Second Part:

Another grin on her face
Another notch on the bed

Happy and content they fell
Happy and content they feel for now

Every session, every time
Passing down the hatchet

Cut a little, cut a little
It's just a little, it's just a little

This wretched cycle will end
I hope, that this all ends

Christina, resist it
You have somebody to love
Resist, resist it
Your don't have to do it again
Christopher, resist it
1, 2, 3, 4
Resist it, resist it
Stop the tendency

Every session, every time
Passing down the hatchet

Another stupid grin on his face
Another score on the bed

Tired and old they feel
Tired and old as it is...

Christina, resist it
You have somebody to love
Resist, resist it
Your don't have to do it again
Christopher, resist it
1, 2, 3, 4
Resist it, resist it
Stop the tendency
